# Interact with voters, anytime.

Text message marketing is the most effective, direct and personal marketing tool available to campaigns today. Enable your campaign to set-up, run and manage their mobile marketing efforts with this easy-to-use web-based interface.

Launch your campaign in minutes.

With mobile devices being your voters' most personal resource, ElectionMall will help you begin contacting them instantly. ElectionMall gives your campaign the ability to interact with voters at any time.

Our system provides you the flexibility to deliver the mobile service that is right for you at the right time. If needed, a custom functionality can be added to meet your specific needs.
