organize your events online

**TECHNOLOGY THAT
IS EFFECTIVE AND AFFORDABLE.**

1.888.WEB.2WIN

Your quick and easy-to-use solution for your campaign events.

ElectionMall understands the importance of events from the gala fundraising dinners to ice cream socials. All of your fundraising events require advanced planning and organization.

Unlike other online fundraising services, ElectionMall's unique eTicket and event management system integrates all aspects of event coordination. Thru ElectionMall's event directory DonationPages.com every campaign is provided with a central location to alert donors of an event in their area. With additional ElectionMall on demand features invitations can be sent by email, phone or text.

Our eFundraising card allows donors the chance to buy a ticket or RSVP to your event online. If a donor purchases a ticket online, they receive a unique, numbered ticket to take to that event with all the proper legal disclaimers on the ticket.

Your volunteers can be assigned tasks by your campaign and help organize events. Attendance is monitored and tracked for future correspondence and a history of an attendee's participation is always available. You can easily organize your future events with branded sign-up forms as well as allow other websites and portals to carry your event list via RSS feed.

*Don't forget we also make fundraising widgets to fit on all your social networking sites
ElectionMall and DonationPages.com your quick and easy-to-use solution for your campaign events.
