# Set up an online Donation Page in minutes and start achieving your fundraising goals.

Need to raise money but don't know where to start?  
Our solution gives you everything you need to get started today.

ElectionMall and Fundraising By Net offer you the ability to manage your donors, plan events and raise funds. Our powerful secure online donation collection system works within your existing website to allow you to immediately solicit donations from your supporters. Unlike other fundraising software, you can create unlimited fundraising pages, set up web pages for your fundraising events, create multiple funds, start finance committees or monthly donor programs. Begin raising money by activating your Donation Pages™ account today.

This fundraising software provides the highest level of scalability and reliability available for web –based systems today. Track your site visitors in real-time and know who is giving when, where and how often. Included is a donor profile manager system that has multiple search features. The system also has the ability for you to automatically thank your donors with our on-demand personalized “thank you” emails or physical print cards. Want a more personalized look and feel brand your own header or have us do it for you. We also make fundraising widgets to fit on all your social networking sites Fundraising By Net. Receive money in minutes, succeed in your campaign.

Powerful tools and easy to use reporting features allow you to track your donors by using correct compliance, eligibility, and disclaimers. Our database contains the latest legislative requirements, ensuring that your donations are always compliant with local laws.
